Date campaign performed 24/10/2017

Chassis number

WV1ZZZ2KZF069792

Vehicle registration number VA64KRU

Model

CADDY

MILEAGE:

31,154

Important Information

Following a decision made by the relevant approval authority relating to the EC type approval for your vehicle, technical measures were to be implemented by Volkswagen AG as part of a service action in respect of your vehicle.

Those approved technical measures have been performed on your vehicle and Volkswagen AG would like to reassure you that your vehicle complies fully with the relevant regulations.

Volkswagen AG also wishes to reassure you that the successful implementation of the measures does not adversely impact the engine performance, fuel consumption, CO₂ emissions, torque or noise of your vehicle, and that all values related to the type approval for your vehicle remain valid.

We hereby confirm that the 23R7 service action has been correctly performed.

Should you have further questions concerning this measure or this certificate after carrying out the campaign, please contact the Volkswagen Commercial Vehicles Diesel Hotline at 0800 083 5109.

24/10/2017

Date

This certificate has been provided by Volkswagen Group Roadside Assistance, following the implementation of the 23R7 service action on the above vehicle.
